

ALEXANDRIA, VA.

TUESDAY, JULY 12, 1870

In the House of Representatives yesterday a resolution was passed repealing the Internal Revenue tax on pork packers, land renderers and ham smokers. Mr. Rice (Democrat) was given the contested seat from the Ninth Kentucky District. A Committee of Conference was appointed on the Naval Appropriation bill. The resolution appropriating \$50,000 for the expenses of the Indian Chiefs' visit to Washington was passed. A resolution was adopted, reciting that the Fourteenth and Fifteenth Amendments are legally adopted and are binding upon all the States and Territories and their citizens. The Naturalization bill was passed with the Senate amendments and the Committee of Conference on the Tax bill was appointed.

The committee of conference on the Funding bill have agreed upon a bill to provide for the issue of one thousand million dollars of thirty-year four per cent and a half per cent bonds, and two hundred million five per cent bonds. The other main points agreed upon are as follows: The clause authorizing foreign agencies is stricken out, and all the interest is to be paid in the U. S. New banks are to accept these bonds as a basis for banking, but the old banks are not compelled to exchange their bonds. The interest to be paid in gold is fixed at 2 1/2 per cent, instead of 3, in the House bill, and one half of one per cent, is to be paid for negotiating the new bonds.

Gen. Jordan, the agent in this country, of the Cubans, writes a letter, in which he gives it as his opinion that in case of a war in Europe, one of the first acts of France will be to dispatch a fleet to seize Havana; an easy matter with her immense naval resources. The Cubans would welcome the French, he thinks, (very doubtful) and the U. S. could not object; as the belligerent rights of the Cubans have not been acknowledged, and Cuba is a Spanish Island. The old question of the Monroe doctrine would then come up. Of course, Gen. Jordan wants the U. S. to declare at once that there is war between Spain and Cuba, make the Cubans a "belligerent," and thus avoid his presumed complications.

The House has concurred in the Senate amendment to the naturalization bill, and it now only requires the signature of the President to become a law. Although it does not transfer the powers of naturalization from the States to the federal courts, it gives the latter the power to appoint what is virtually a federal police, called special agents, who are to attend every election precinct to look after naturalization and other frauds in all elections for United States officers. These agents are to be appointed in all cities exceeding twenty thousand inhabitants. It is very generally understood that the bill was passed with special reference to New York city.

It has come to pass that Mrs. Lincoln is openly charged in the Senate, by Mr. Yates, of Illinois, and others, with "rebellion and other crimes." They say she was "told off" during the war. So much for wanting a pension. Mr. Sausbury, of Del., said he was opposed to the "pension," but if a subscription for "relief" was handed round, he would give as much as Sumner would. The Senate, yesterday, postponed the whole matter indefinitely. Right!

The House of Representatives, yesterday, passed a resolution declaring Mr. Joseph Segar not entitled to the seat he claimed as a representative at large from the State of Virginia. In the course of the debate, Mr. McKenzie said he would not speak upon the legal and constitutional right of Mr. S. as he considered the argument of Mr. Bingham in his favor, conclusive, but he bore testimony to Mr. Segar's loyalty and devotion to the Union.

The Sergeant at Arms of the House of Representatives in his commitment of Pat Woods to jail, directs that "the jailor shall not surrender said Woods to any authority except that issuing from the House of Representatives." There is an inquiry to know where this officer of the House of Representatives, (Ordway) got the power to suspend habeas corpus?

Municipal troubles and contests prevail, generally. Last night the Washington Board of Aldermen refused to confirm nearly all the appointments of the new Mayor. The opposition came from the members who hold over from last year, who are all Republicans, Republicans and Conservatives were alike rejected.

The series of Educational Meetings to be held this year at Cleveland, Ohio, from the 15th to the 19th of August, inclusive, will be opened on Monday morning by an address before the "National Normal School Teachers' Association," by President John Ogden, of Fisk University, Tennessee.

The New York Tribune, of the closing week of Congress, utters its annual warning cry of "Watch the Thieves!" It thinks that between this and next Friday, the day of adjournment, many millions may be slipped into the appropriations which will bear watching.

The officers at Fort Fetterman deny the accusations made against them by Red Cloud, about "whiskey drinking," &c. Gen. Sherman, also, says that he believes the accusation to be a "base slander put into the mouth of Red Cloud by others."

The U. S. tax bill will continue the tax on incomes for two years—the rate at 2 1/2 per cent, with two thousand dollars exempted and rent of homestead deducted.

As soon as Congress adjourns, it is said that Senator Schurz will return to Missouri and advocate the universal amnesty and universal suffrage amendment to the State constitution. There are over sixty thousand white citizens disfranchised now by that State.

A resolution has been adopted by the House of Representatives ordering an investigation into alleged corrupt proceedings relative to the stock of the Washington Market House Company. Are we never to have an end of these things?

Legislative bodies, the members of which receive a per diem, always adjourn on Monday: reason obvious—but a very shameful reason it is:—But the truth is, this is not one of the innovations of modern progress. It is an old habit.

It is said that the high prices charged at some of the fashionable Springs and Watering places, are not likely to benefit their establishments much. Hundreds of people of moderate means will stay away.

The "Seventh Regiment" of New York militia—the "Seventh" it will be recollected—is recreating at Cape May. Happy Seventh Regiment!

Congress, it is thought, will certainly adjourn on Friday. Thank the Lord for all his mercies!

The Legislature of Virginia adjourned last night to the 1st day of October next.

## NEWS OF THE DAY.

"To show the very age and body of the Times."

On Saturday Federal soldiers seized a lot of whisky in Lincoln county Tenn., took it to Tullahoma and shipped it on the Nashville and Chattanooga railroad for Shelbyville. At two o'clock on Saturday night a squad of men went to Concord, on the Manchester and McMinnville railroad, took possession of a locomotive and forced the engineer to run it to Wartree, where the car containing the whisky was overtaken. They captured it, took it back to the neighborhood of Tullahoma, unloaded it in the woods and dismissed the engineer.

John Lee, was arrested yesterday in New York, as he was endeavoring to escape with \$900 from the counter of Vermilyea & Co's banking house. Mrs. Keppeler had deposited the nine \$100 National bank bills on the counter, and as she did so they disappeared. She seized Lee and he in a moment handed her back the money, and was subsequently secured.

Wilson, the "living skeleton," died on Friday last, in Boston, at the age of thirty years. During childhood he was healthy, but when in his sixteenth year signs of "wasting away" and loss of flesh commenced to appear. Although he was a great eater, he, at the time of his death, weighed only sixty pounds.

A mutiny on board of the ship Wm. Taber, from New York, for San Francisco, has caused the United States Consul at St. Thomas to order her back to New York, where she has arrived.

The papers of Philadelphia are again demanding the organization of a paid fire department for that city. The present system is a disgrace, and should be wiped out at once.

At North Kingston, R. I., on Friday night last, Eliza A. Smith drowned herself and two children whilst laboring under a fit of temporary insanity.

An order was issued yesterday by the County Court of St. Louis, Missouri, that all matured bonds of the city be paid in silver, where payment in coin is expressed on their face.

Five hundred Chinamen are on their way to Memphis, from which point they will be sent to plantations in the interior of Tennessee.

The war between the Knickerbocker and Washington Ice Companies in relation to ice transportation from near Shaker village over the Albany and Boston railroad, is increasing.

Last week a large shipment of smoking and chewing tobacco was made from Lynchburg, Va., by rail, to Sacramento, Cal.

## The Battle of Manassas.

The following correspondence has been recently published in the columns of the Mississippi Clarion:—

RICHMOND, VA., Nov. 23, 1861.

Gen. J. E. Johnston:—Commanding Department of the Potomac:—

Sir:—Reports have been and are being widely circulated to the effect that I prevented Gen. Beauregard from pursuing the enemy after the battle of Manassas, and subsequently restrained him from advancing upon Washington City. Though such statements may have been made merely for my injury, and in that view their notice might be postponed to a more convenient season, they have acquired importance from the fact that they served to create distrust, to excite disappointment, and must embarrass the administration in its further efforts to reinforce the armies of the Potomac, and generally to provide for the public defense.

For these public considerations, I call upon you as the Commanding General, and as a party to all the conferences held by me on the 21st and 22d of July, to say whether I obstructed the pursuit of the enemy after the victory at Manassas, or have ever objected to an advance or other active operations which it was feasible for the army to undertake? Very respectfully, yours, &c. JEFFERSON DAVIS.

HEAD QUARTERS, CENTREVILLE, Va., November 10, 1861.

To His Excellency the President:—

Sir:—I have had the honor to receive your letter of the 3d inst., in which you call upon me, "as the Commanding General, and as a party to all the conferences held by you on the 21st and 22d of July, to say:—"

"Whether you objected the pursuit after the victory of Manassas."

"Or have ever objected to an advance or other active operations which it was feasible for the army to undertake."

To the first question, I reply, no. The pursuit was "obstructed" by the enemy's report. In that report, I have also said why my advance was made upon the enemy's capital (for reasons) as follows:—

"The apparent freshness of the U. S. troops at Centreville, which checked our pursuit; the strong force occupying the works near Georgetown, Arlington and Alexandria; the certainty, too, that General Patterson, it needed, would reach Washington with his army of more than 30,000 men; and the condition and inadequate means of the army in ammunition, provision, and transportation, prevented any serious thoughts of advancing against the Capital."

To the second question, I reply, that it has never been feasible for the army to advance further than it has done—to the line of Fairfax C. H., with its advanced posts at Upton's, Munson's, and Mason's hills. After a conference at Fairfax C. H., with the three senior officers, you announced it to be impracticable to give this army the strength which those officers considered necessary to enable it to assume the offensive. Upon which, I drew it back to its present position. Most respectfully, your obedient servant,

(Signed) J. E. JOHNSTON.

## LETTERS FROM RICHMOND.

(Correspondence of the Alexandria Gazette.)

RICHMOND, July 11.—The conference of the Conservative members of the Legislature, on Saturday evening, did, probably, the wisest thing they could have done under the circumstances—merely recommend the revival and reorganization of the Conservative party upon the basis of the plan adopted in 1867, which is nothing more nor less than the formation of a State Central Committee, a thorough and complete organization in the cities, towns and counties in the State by the appointment of Superintendents, county, city, ward, and township committees, with bands of "tens" and "fifties" with a "leader" for each, &c., &c. The Central Committee was appointed by the delegates from each Congressional district and the seven resident committees by a committee of one from each district.
